

### **globalisation and governance international pdf**

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. As a complex and multifaceted phenomenon, globalization is considered by some as a form of capitalist expansion which entails the integration of local and national economies into a global, unregulated market economy. ...

### **Globalization - Wikipedia**

Global governance or world governance is a movement towards political cooperation among transnational actors, aimed at negotiating responses to problems that affect more than one state or region. Institutions of global governance—the United Nations, the International Criminal Court, the World Bank, etc.—tend to have limited or demarcated power to enforce compliance.
