

graphing calculator activities exploring pdf

equations are given for students to graph and find intersections with the x-axis. Students will also use the distance formula to solve an extension problem. Topic: Radical Equations Roots Graphing Distance formula Teacher Preparation and Notes Students should know how to, graph functions.

Exploring the TI-84 Plus in High School Mathematics

HP Prime Graphing Calculator HP Prime: Exploring IB Maths ... activities which will help you become a confident user of the calculator while developing your skills in different mathematical topics. There is no attempt to cover the ... countries where graphing calculators are used in exams says that if

HP Prime Graphing Calculator HP Prime: Exploring IB Maths

6-1 Graphing Calculator Activity Solution to a System of Linear Equations! A graphing calculator can be used to solve a system of linear equations graphically. The solution of a system of linear equations can be found by using the TRACE feature or by using the intersect command under the CALC menu. Example: Solve each system of linear equations. a.

Graphing Calculator Worksheet - Our Lady Of Victory

The Maths Activities Pack: Using HP Prime and HP39gII Graphing Calculators - 4 - operation. Options will come up when they are needed. There are six soft keys F1 to SoftKey F6, which make navigation much clearer. Also, there is a comprehensive notes system for developing classroom activities and a detailed, context sensitive help system.

The Maths Activities Pack - HP Graphing Calculators

equation. In the first three activities, the student explores and learns about the slope and y-intercept of a line graph by graphing and seeing many graphs. By activity 4 the student can write the equation of a given graph and check the result on the calculator.

E d u c a t i o n a l T r a n s f e r P l a n - I I S M E S u m m

Exploring parametric representation with the TI-84 Plus CE graphing calculator Richard Parr ... this activity not only to re-enforce the concepts of domain and range but we also use the ... graph, they are affecting the graph in different ways.

Exploring parametric representation with the TI-84 Plus CE

Graphing Calculators Overhead Calculator 1. Adjust the window on the calculator to 10 by 10. 2. Using the overhead graphing calculator, enter the equation $y = 2x + 6$. 3. Hit the graph button. 4. Ask the class to look at the slope of the line and where it crosses the y-axis. 5. Graph $y = 2x - 6$. (Leave $y = 2x + 6$ on screen) 6.

Exploring Linear Equations: Student Worksheet - FCIT

Graphing Calculator Notes 1 Using the TI-83 and TI-84 Calculators In conjunction with the textbook Pre-Calculus, 6th edition, Larson and Hostetler Chapter 1 Using a Graphing Calculator to Graph Equations To graph an equation, do the following: 1.

Using the TI-83 and TI-84 Calculators

Dimensionality and the Geometry of Location Geometry Exploring Slopes of Parallel and Perpendicular Lines

Page 9 Key: Exploring Slopes of Parallel and Perpendicular Lines Investigation I: Parallel Lines: 1. Each graph below contains pairs of lines. Calculate the slope of each line, and record the results in the table on the next page.

Dimensionality and the Geometry of Location Activity

Browse and download FREE, standards-aligned activities designed for the complete line of TI graphing calculators.

Classroom Activities - Texas Instruments

PPS TI-83 Activities Algebra 1-2 Teacher Notes It is an expectation in Portland Public Schools that all teachers are using the TI-83 graphing calculator in meaningful ways in Algebra 1-2.

PPS TI-83 Activities Algebra 1-2 Teacher Notes

graphing calculator lessons Below are examples of activities using graphing calculators prepared by students in my Methods of Teaching Secondary Mathematics class over the past few semesters. Most of these activities are self-guided and self-paced worksheets that teach students how to accomplish certain tasks on a graphing calculator.

Graphing Calculator Lessons - Kutztown University of

Activities for Algebra with the TI-83 Plus This collection of activities is intended ... means of exploring math and science concepts. The activities are written to use the ... Graphing Calculator Activities for Enriching Middle School Mathematics

Activities for Algebra with the TI-83 Plus Plus

Download free activities that enhance your lesson plans and enable students to visualize mathematics in middle grades through high school topics.

84 Activity Central by Texas Instruments

Graphing Lines Date_____ Period_____ Sketch the graph of each line. 1) $y = \dots$ Sketch the graph of each line. 1) ... Create your own worksheets like this one with Infinite Algebra 1. Free trial available at KutaSoftware.com. Title: Graphing Lines SI.ks-ia1

Graphing Lines SI.ks-ia1 - Kuta Software LLC

Graphing Sine and Cosine Group Exploration Activity 1. Amplitude Using your calculator, graph the curve which results from each function: For a) and b) graph the parent function $y = \sin(x)$ as well for comparison.

Graphing Sine and Cosine Group Exploration Activity

It is intended that the students make this activity initially without the aid of the graphing calculator so that they apply their previous knowledge of rate of change. Students should fill the table for part one, and then it is encouraged that the students verify their graphs before they answer any of the given questions for that section.

Graphing Calculator Exploration: - alcaweb.org

Graph linear and quadratic functions and show intercepts, maxima, and minima. Graph square root, cube root, and piecewise-defined functions, including step functions and absolute value functions. ... Keywords: Quadratic equations, graphing calculator, function ... Export To Acrobat (.pdf) 2. Aligned Standards.

Rational Functions Activity #1 Exploring Vertical Asymptotes and Roots with the Graphing Calculator Exploration #1 a) Use your graphing calculator to graph $f(x)=x^2 +x^6$ and $g(x)=x+2$. As accurately as possible, graph

Rational Functions Activity #1 Exploring Vertical

* graphing linear and quadratic equations * using the graphing calculator to analyze data . Science concepts:
* graphing data, understanding relationships (linear vs. quadratic) * using the graphing calculator to analyze data . Opening: Students will be asked to make a table, graph and equation using the function . $Y = 4x + 8$

Exploring Equations with TI-84

TI-84 (or TI-83) Directed Learning Activity This document will help you become oriented with your TI-84 Graphing Calculator. Note that everything that follows should also work for the TI-83. Before using the calculator to solve particular mathematics problems, you should select the following defaults.

TI-84 (or TI-83) Directed Learning Activity

3. Find the minimum using a graphing calculator. Lesson Development This activity focuses on the concept of minimizing distance and time. Students will use formulas to calculate the total distance and the total time for a particular task. They will then use the data and problem solving skills to determine the minimal distance and time required.

EXPLORING SPACE THROUGH ALGEBRA - Educator Edition

Lab: Graphing Activities Introduction Graphing is used by scientists to display the data that is collected during a controlled experiment. A line graph must be constructed to accurately depict the data collected. An incorrect graph often leads to the acceptance of an incorrect hypothesis or detract from the acceptance of a correct hypothesis.

Lab: Graphing Activities CIENCE - Plainview

Exploring slope and intercept Name Pd 1. Graph each of the following equations on the graphing calculator and write it below. $y = 2$ $y = -3$ $y = 4.5$ Describe these graphs. 2. Graph each of the following equations on the graphing calculator and write it below. $x = 2$ $x = -3$ $x = 4.5$ Describe these graphs. 3.

Exploring slope and intercept Name Pd

A collection of activities for the TI-83 and TI-84 Plus graphing calculator using authentic wildlife research data from the . Virginia Department of Game and Inland Fisheries . Funded by: Virginia Environmental Endowment . Virginia Department of Game and Inland Fisheries . Special thanks to .
