In psychology, the term identity crisis means the failure to achieve ego identity during adolescence. The term was coined by German psychologist Erik Erikson. The stage of psychosocial development in which identity crisis may occur is called the Identity Cohesion vs. Role Confusion. During this stage, adolescents are faced with physical growth, sexual maturity, and integrating ideas of ...

According to TCM, the combination of these principles determine the nature or quality of the three constituents of the body, which are energy (Qi), moisture, and blood. As described above, Qi is vital life energy. Moisture is the liquid medium which protects, nurtures, and lubricates tissue, and blood is the material foundation out of which we create bones, nerves, skin, muscles, and organs.
