In recent years, the Business History Conference has sprouted several interest groups that have coalesced around perceived needs. The first two, "Women in Business History" and "Business Historians at Business Schools," meet informally over lunch at the annual meeting to discuss issues in the profession and to network. The "Emerging Scholars" group began informally, but its leadership now ...

The Great Depression was a severe worldwide economic depression that took place mostly during the 1930s, beginning in the United States. The timing of the Great Depression varied across nations; in most countries it started in 1929 and lasted until the late-1930s. It was the longest, deepest, and most widespread depression of the 20th century. In the 21st century, the Great Depression is ...

1. INTRODUCTION - A transistor is a small electronic device that can cause changes in a large electrical output signal by small changes in a small input signal. That is, a weak input signal can be amplified (made stronger) by a transistor. For example, very weak radio signals in the air can be picked up by a wire antenna and processed by transistor amplifiers until they are strong enough to be ...
