vii Preface The first edition of my Disorders of Personality text (1981) was widely regarded as the classic book in the field. Given its coordination with a theory of personality and psychopathology and with the then newly published DSM-III, it gained immediate acceptance among mental health professionals, the audience for which it was intended.

If you didn't know already, my husband, brother and Dad can build anything. They built our screened-in porch, among other things. My husband built this mudroom bench and this sand & water table, so I know that they are very capable, which is why I asked the them to build me a DIY wall bed (for MUCH less than the \$2000 ones that I was finding online!)

A berm is a level space, shelf, or raised barrier (usually made of compacted soil) separating two areas. It can serve as a fortification line, a border/separation barrier, in industrial settings, or in many other applications. A berm is also used in mountain biking and BMXing to assist the rider around a corner at speed, this type of berm is often steep and curved unlike most "construction berms".

## **Berm - Wikipedia**

Note: The original design of this solar generator used a 2,000 watt inverter. This has been upgraded to the new 3,000 watt model in the latest version and several other improvements. Before you build the solar generator following our plans, be sure to watch the new intro and updates video below so you are aware of the changes!
