Federal Securities Law: Insider Trading Congressional Research Service Summary Insider trading in securities may occur when a person in possession of material nonpublic information about a company trades in the company's securities and makes a profit or avoids a loss.

## **Federal Securities Law: Insider Trading**

The government relies on two theories of insider trading – the classical theory and the misappropriation theory – to prove this key element. The classical theory applies when a corporate insider or his tippee trades in securities of the tipper's corporation based on MNPI in breach of the insider's duty to the company's share-holders. *Salman v.*
