(PDF) Building Response to Tunnelling: Case Studies from

The Jubilee line closed for five days from 26 December 2005 in order to add an extra car to each six-car train. The line had to be closed as six-car and seven-car trains could not run in service at the same time, because the platform-edge doors at Jubilee Line Extension stations could not cater for both train lengths

simultaneously.

Jubilee line - Wikipedia

The Jubilee Line Extension is the extension of the London Underground Jubilee line from Green Park to Stratford through south and east London. An eastward extension of the line was first proposed in the 1970s and a modified route was constructed during the 1990s. It opened in stages from May to December 1999.
