because they are uncomfortable with paint, art historians prefer meanings that are not intimately dependent on the ways the paintings were made. Consider, for instance, the first of the color plates in this book (COLOR PLATE 1). An historian looking at this painting might recognize Sassetta, a fourteenth-century painter from Siena.

More praise for - Monoskop

Jennings reminds me that painters operate within rules, invisible at times, but nevertheless governing the results of our efforts. Our trade seems comfortable to accept some problems, that are contingent to painting generally and, on average and with time, never seem to get sorted.
