definitions of politics, and, as discussed later in the chapter, helped to shape different schools of political analysis (see Figure 1.1). Indeed, the debate about "what is politics?" is worth pursuing precisely because it exposes some of the deepest intellectual and ideological disagreement in the academic study of the subject.

What is political? Amitai Etzioni Here is no widely agreed upon definition of what is political. A definition that seems fruitful is to hold that political processes concern bridging power differences with society with those within the state, bridges that carry inputs both from society to the state
