A Science Framework for K-12 Science Education provides the blueprint for developing the Next Generation Science Standards (NGSS). The Framework expresses a vision in science education that requires students to operate at the nexus of three dimensions of learning: Science and Engineering Practices, Crosscutting Concepts, and Disciplinary Core Ideas.

APPENDIX F Science and Engineering Practices in the NGSS

Generation Science Standards (NGSS) and the nature of science. Public comments on previous drafts of the NGSS called for more explicit discussion of how students can learn about the nature of science. This chapter presents perspectives, a rationale and research supporting an emphasis on the nature of science in the context of the NGSS.
