Somalia's political culture, or rather, the distinctive historical political culture paths of the "three Somalias." Of these three independently administered regions, Somaliland and Puntland have been and still are relatively peaceful, consensual in character and economically viable, though in their own distinctive ways.

political freedom are taken into account. Political freedom is shown to explain terrorism, but it does so in a non-monotonic way: countries in some intermediate range of political freedom are shown to be more prone to terrorism than countries with high levels of political freedom or countries with highly authoritarian regimes.

Playing Politics. Politics is a multifaceted word. It has a set of fairly specific meanings that are descriptive and nonjudgmental (such as "the art or science of government" and "political principles"), but it can and often does carry a negative meaning closely related to these ("political activities characterized by artful and often dishonest practices").
