### **The Slavic Languages - degruyter.com**

The course introduces the student to the exploration of linguistic relations among Slavic languages and dialects, as well as to language contacts between Slavic and its neighbours. Language is viewed in connection with history, geography, mythology and religion, family and social structure, literature, and alphabets. Taught in English.

The South Slavic languages are one of three branches of the Slavic languages. There are approximately 30 million speakers, mainly in the Balkans . These are separated geographically from speakers of the other two Slavic branches ( West and East ) by a belt of German , Hungarian and Romanian speakers.
