the two sides of pdf

Make a selection from the Print On Both Sides pane. Depending on the printer driver, this pane can be called "Double-sided printing" or a similar name. If you don't see a Print on Both Sides pane, then your selected printer doesn't support duplex printing. Or, the feature is turned off (see Verify that printer features are turned on).

Even though these are two sides of the same printed sheet, Publisher displays them as two separate pages. If your printer supports duplex printing, and if you choose the duplex option when you print, the main message will be printed on one side of a single sheet and the addresses will be printed on the other side.

Print on both sides of a sheet of paper (duplex) - Publisher

View PDF in a two-page spread like a book Your PDF may display one page at a time when you first open it. You can change the view so that two pages are displayed side-by-side, just like a book.
