World Food Problems - Department of Applied Economics

Governments have repeatedly attempted to address the world food problem by regulating prices or by redistributing food between rich and poor countries or by food distribution programs aimed at the poor, but have been largely unsuccessful. Part 4 then provides an analytical framework for looking into the future.

The World Food Problem: Toward Understanding and Ending

THE WORLD FOOD PROBLEM--AN OVERVIEW A. H. Moseman, Assistant Administrator for Technical Cooperation and Research Agency for International Development Department of State The concern of U.S. leadership about our domestic agriculture has shifted since 1952, and rather abruptly within the last two years.
